

ALL TO NO PURPOSE

South Omaha Strikers Lose Their Fight.

THE PACKERS INDEPENDENT.

SAY THEY HAVE NOTHING TO ARBITRATE.

A Public Statement by the Butchers. The A. B. U. People Attack the Railroad Managers—The Worden Trial.

Associated Press Leased-Wire Service.
OMAHA, Aug. 6.—The 1500 men who struck at the South Omaha packing last week have lost, and today the plants are running as usual with full complements of men. The packers were unanimous in stating that they had no differences to arbitrate, and that they would have as many men as they needed by Wednesday. Adjt.-Gen. Gage is on the ground, and should any disturbance occur, the Omaha Guards and Thurston Rifles will be there thirty minutes after. It is thought the men, except the butchers, will declare the strike off tomorrow. The Executive Committee, through the Press Committee, sent out the following manifesto today:

"For the benefit of the public, we, the striking packing-house employees, wish to state that we did not strike because we wanted to, but because we were compelled. We wish to state that the packers do not pay us by the day, but by the hour, and we were only working from three to eight hours each day, which is about an average of 75 or 80 cents per day."

MET WITH BAYONETS.

PERU (Ill.), Aug. 6.—The invasion of 400 strikers from Springfield, Vt., and 1000 from La Salle, Ill., met with bayonets today. The strikers were intended to prevent by persuasion or violence men from going to work in the Carbon Coal Company's shaft this morning. Sheriff Taylor brought down fifty deputies and the militia. The strikers met the miners south of the river, and a short but lively experience with bayonets convinced the invaders that they had no business on the side of the Carbon Coal Company. The strikers were repulsed by bayonets, several of the mob being wounded. There was no firing.

NO JOBS FOR THEM.

CINCINNATI, Aug. 6.—The Committee of Seven from the strikers was notified today by President Ingalls, of the Big Four, that none of the strikers would be taken back. This decision is in accord with the decision of the officials of all railroads centering here. Fifteen hundred men are affected.

THE NORTHWESTERN A. R. U.

ST. PAUL, Aug. 6.—At a meeting of the local organization of the A. R. U., embracing the employees of the St. Paul and Duluth, Omaha, Burlington and Milwaukee systems at this point, the strike was formally declared off.

ARMED DEPUTIES.

OTTAWA (Ill.), Aug. 6.—Sheriff Taylor went to La Salle last night with a posse of 1000 deputies, armed with Winchester rifles. Today the operation of the Carbon Coal Company will put 500 men to work in their three shafts, and it is feared that the miners of Springfield Valley will come into La Salle today, and the strikers are going to work. Should this be attempted by the Springfield Valley miners trouble will follow, and blood will be shed. The miners and Sheriff propose to settle the strike in La Salle today.

SHIFTING THE BLAME.

CHICAGO, Aug. 6.—During the past week a committee of the A. R. U. held frequent consultations with Mayor Hopkins. Today E. W. Burns, a director of that organization, and the head of the committee, admitted to the press that their visit was to furnish the authorities with information touching the damage claims of the railroad companies. The A. R. U. men say they expect to prove, in many instances, that the destruction of property for which damages are claimed, was done by men employed by the railroads and General Managers' Association.

RENEWAL OF INDUSTRY.

CLEVELAND (O.), Aug. 6.—The Baackes Wire Nail Works, the largest concern of the kind in the country, and which has been idle for several months, resumed work today with a big force.

HE'S THE MAN.

DANVILLE (Ind.), Aug. 6.—Daniel Moy, a striking brakeman on the Chicago and Eastern Illinois Railroad, has been arrested for the shooting of Engineer Burt Byrnes, in his cab, a week ago. The officers have the testimony of eye-witnesses that he is the assassin.

JUDGE RICKS'S SCALP.

Cleveland Labor Unions Desirous of Possessing It.
Associated Press Leased-Wire Service.
WASHINGTON, Aug. 6.—The petition of the Central Labor Union of Cleveland, O., for the impeachment of T. F. Ricks, of the Northern District of Ohio, which was presented today, is a voluminous document giving in detail the charges that the judge, between September 19, 1893, and December 20, 1893, converted to his own use various sums aggregating \$1559. It charges that the judge has "shown himself to be a person wholly unfitted to properly perform the duties and maintain the dignity and character of such judicial office, and that he is an unsafe and dangerous person to be entrusted with the performance of the important duties thereof, and that the public welfare requires that he be relieved."

HUNTING JOBS.

Lake Shore and Wabash Yards are Filled With Men.
Associated Press Leased-Wire Service.
CHICAGO, Aug. 6.—The train yards of the Lake Shore and Wabash companies at Root street were filled today with switchmen and engineers ready to return to work. Few of them were reinstated; their places having been taken during the strike by new men. Considerable sur-

FEELS ITS OATES.

ALABAMA HAS GONE STRONGLY DEMOCRATIC.

Returns Show That Kolb's Gains Have Not Been Equal to His Opponent's—The Figures Somewhat in Doubt.

Associated Press Leased-Wire Service.
MONTGOMERY (Ala.), Aug. 6.—On this, the day of the election, both sides are claiming victory with much confidence. At the Democratic headquarters in this State the State is claimed of a good majority, anywhere between 2000 and 5000. The result is not clear to any one. The Democrats have cultivated the negro vote as they never before cultivated it, and with the aid of this point there is a possibility that Kolb's followers will be surprised by returns from the white counties of Southeast Alabama, which were strong for him two years ago.

THE WORDEN TRIAL.

The Prosecution Expects to Close Its Case Today.

Associated Press Leased-Wire Service.
WOODLAND, Aug. 6.—The examination of the alleged train-wreckers was resumed this afternoon. George Filmer, superintendent of the Olin & Crocker electric works, called to testify to a raid in which he participated in the capacity of a militiaman. The visit was made to the A. R. U. headquarters. They found about a thousand pounds of scraps of iron, a couple of pistols and about a hundred swords. They also found a couple of hundred dollars in cash, and a number of bandages are rolled. William Ingram, a hardware merchant of Sacramento, had sold some ammunition on written orders from the train wreckers, and fifty men, as signed by Mullin and Compton, and afterwards had it countersigned by H. A. Knox. The order was sent back with the bill. The defense here wanted the order itself produced. The prosecution explained that the order was not in their possession, but was returned to the defendants. Attorney Bruner stated that they could put a man on the witness stand who saw Knox sign the order.

A BIG MAJORITY.

CHICAGO, Aug. 6.—The editor of the Mobile Register telegraphs the general manager of the Associated Press at 11 p.m. as follows:

"Oates's election is assured by a majority ranging anywhere from 30,000 to 50,000. The southern part of the State is almost solidly Democratic, while returns from northern portions give better promise than in 1892. Many counties that polled a close vote in 1892 give majorities to the Russell Democratic ticket."

DOWN IN JEFFERSON.

MOBILE (Ala.), Aug. 6.—Returns are coming in slowly. The majority for Oates in this city will be about 700. In the whole county it is about 1000.

A LOSS IN JEFFERSON.

BIRMINGHAM (Ala.), Aug. 6.—Reports indicate that Oates's election by a majority not larger than that of 1892. Kolb is given in five or six counties, principally Jefferson, where the Democrats have lost over 2000.

ABOUT THE SAME.

MEMPHIS, Aug. 6.—A Commercial-Appel special from Birmingham, Ala., says that despite the fact that the campaign just closed has been the most bitter ever known in this State, the election today passed off quietly, and few disturbances are reported.

THE U. P. STRIKE.

The Troops at Evanston and Rock Springs are Recalled.

Associated Press Leased-Wire Service.
OMAHA, Aug. 6.—So far as Evanston and Rock Springs are concerned, the strike on the Union Pacific is over. Orders are to bring in the troops sent to these points last month to open the road.

Orders to bring other troops from the Eighteenth Infantry now at Evanston, will go back to Fort Niobrara, leaving no troops at Evanston. The company of the Seventeenth Infantry sent from Fort Russell to reinforce the company garrisoned at Camp Pilot, is ordered back to its post.

Orders to bring other troops from the Union Pacific strike points are expected soon, including the troops at Butte from Fort McKinney. Railroad men predict that within this month the condition of feeling along the road will enable all troops to be withdrawn.

THE ABDUCTED.

Eben Byers is in the Hands of His Friends.

Associated Press Leased-Wire Service.
CHICAGO, Aug. 6.—Eben Byers will not be returned to his home until he is a well man," said Henry Shields of Girardo, O., today. Shields had just reached the city from St. Joseph, Mo., where he was the leading factor in the alleged abduction of the Pittsburgh manufacturer.

"Mr. Byers is in the hands of Dr. Talman and Peter Kimball, the Neabae range from operator. He will be taken care of, and his wife's detective will be able to locate him. Mr. Byers was willing and desirous to go with Dr. Talman. I was accompanied to St. Joseph by John A. Davies of Chicago and Mr. Kimball, friends of Byers and men of prominence, who would not be a party to an abduction scheme, in the sense of restraining a man from his liberty."

MUCH SUFFERING.

An Appeal on Behalf of Drought-stricken Nebraska.

Associated Press Leased-Wire Service.
OMAHA, Aug. 6.—An appeal for the drought-stricken portions of Nebraska, signed by a committee, claiming to represent large interests, today was sent to the Governor. The committee explains that it has reason to believe from what it has been told that thousands of families will either starve or emigrate or be fed by charity unless the people as a whole provide for them.

The committee suggests as a solution of the problem that a special session of the Legislature be called immediately to devise a State system of irrigation, and that those in the drought districts be given employment in the ditches. Gov. Crouse is at present out of the State. The impression is that the crop failures are not complete, and that with economy little actual suffering will result without State aid.

FELL FROM GRACE.

Arrest of a Preacher on a Charge of Robbing a Woman.

Associated Press Leased-Wire Service.
DECATUR (Ind.), Aug. 6.—J. W. Porter, a prominent preacher and former editor and publisher of the Decatur Journal, was arrested at Liberty Center and brought to this city, charged with grand larceny.

It is adjudged that he took a pocket-book containing about \$50 from a woman who attended services at his church this city on April 1. He had a preliminary hearing today and was bound over. Failing to secure bond, he is in jail. Porter has always borne a good name, and his arrest has created a great sensation.

Collided in a Fog.

LONDON, Aug. 6.—The British steamer Lismore Castle collided with a German steamer, supposed to be the Porto Allegro, in a thick fog. The stern of the Lismore Castle was crushed to the water-line, and she put back to Plymouth. It is believed the German steamer foundered.

A League to Overcome the Negro Vote in St. Landry Parish.

Associated Press Leased-Wire Service.
NEW ORLEANS, Aug. 6.—A new political movement, known as the White Supremacy, has been inaugurated in Opelousas, St. Landry Parish. The purpose of the league is to secure the supremacy of white voters in all negro communities,

A FREE FIGHT.

A Red-hot Row at Chicago in Which Several People Were Hurt.

Associated Press Leased-Wire Service.
CHICAGO, Aug. 6.—The new government pier last night was the scene of a fight incited by several drunken men, which nearly cost the lives of several people. The row started over the use of vile language in front of a four-year-old child by a lot of men, and the loafers who frequent the place of John Flynn attempted to take the child away from them, and the latter resisted, assisted by Capt. Brown and Smith. In less than a minute a man named McDermott and the drunken men engaged in a rough and tumble fight in which beer bottles, dishes and every other available weapon were used.

A SMALLPOX RIOT.

A Milwaukee Mob Refuses to Allow Health Officers to Act.

Associated Press Leased-Wire Service.
MILWAUKEE, Aug. 6.—The first smallpox riot took place here last night on the South Side and resulted in a decided victory for the mob, although there was no bloodshed. The authorities postponed action until today, when they will make the decisive move. A case of smallpox was discovered near Greenfield street and Fifteenth avenue. The health officers went to remove the child to the Isolation Hospital. A crowd quickly gathered and the leaders declared that the child should not be moved. The crowd increased in numbers rapidly, and a detail of officers was sent to the scene from the South Side station.

When the policemen arrived they found fully 3000 excited men and women blocking the streets, loudly crying that the child should not be moved. There was some parading, and rather than provoke a riot, the health officers withdrew for the time being. The mob were not fully assured but what they would return, and pickets accordingly placed to give the people safe in case they did. A large crowd was assembled at the corner up to an early hour this morning. It is feared there will be trouble when the case is made to move the child to the pesthouse.

THE JOLETT QUANTIN.

JOLETT (Ill.), Aug. 6.—The quarantine which has been on the prison since January 1 has been raised. The prison officials think there will be no further danger from smallpox from Cook county prisoners.

LAND TITLES.

A Decision in the Case of the Shasta People.

Associated Press Leased-Wire Service.
WASHINGTON, Aug. 6.—The Secretary of the Interior has affirmed the decision of the General Land Office in the case of the Central Pacific Railroad Company against W. A. Calkins, T. M. Morse, John T. Clark, Lee Burch and John C. Watts, involving lands near Shasta, Cal., and a large number of cases involving selections of lands made by the Union Pacific. The selections of both companies are held for cancellation on the ground that other parties in the cases settled on the lands prior to their selection by the companies, and their decisions in the cases is based on the recent Guilford-Miller ruling.

YOUNG PATRICIDES.

Mr. Whitman Stabbed While Chasing His Two Sons.

CHICAGO, Aug. 6.—Henry Whitman is dying at the County Hospital from a wound inflicted by one of his sons, who are aged 15 and 22. They returned home this morning after spending the night at a dance. Whitman upbraided the boys for staying out so late. The father was chastising the boys in a wholesome manner, when one plunged a knife into the old man's stomach, producing a frightful wound.

Sank in Each Other's Arms.

BURLINGTON (Iowa), Aug. 6.—C. C. Campbell and wife were drowned last night at the head of Rush Island in the river. They were in a sailboat, which capsized. It is thought the boat had gotten into the dam. Campbell was a traveling salesman. Campbell and his wife sank in each other's arms and never rose. The bodies have not yet been recovered. The makes seven people drowned here this summer.

STARVING CHILDREN.

Deserted by Their Father They Find Comfort at the Police Station.

Associated Press Leased-Wire Service.
NEWARK (N.J.), Aug. 6.—Four children were deserted in Newark several days ago by John Herschel and were left starving in the vacant rooms at 150 Spruce street. All the clothes and furniture was sold piece.

meal, or pawned to pay for food. It is said, on good authority, that the children are heirs to considerable money in Switzerland; that they cannot touch it until they attain the age of 18 years, under the terms of their dead mother's will. When the eldest Annie, a girl of 15, went to Policeman Glori she was so exhausted from hunger that she fainted. The officer provided the children with food, and this week they will go back to Switzerland, where they can be properly cared for. The rooms in which Herschel kept his children were dirty and unhealthy. Besides Annie there are Bertha, aged 10; Angelina, aged 8; John, aged 6, and Louis, aged 5.

Despondent, because he could not buy food and apparently helpless, Herschel, after crying all the night before, disappeared, took each child separately and kissed them and bade them good-by. Annie, in a voice choking with sobs, said, when he held her hand: "Father, when will you come back?"

"At 3 o'clock, my child," he replied, as he gave her a farewell kiss and departed. He did not return that night and the children cried themselves to sleep, hungry and forsaken. The oldest girl was fearfully alarmed. She found that Herschel had moved his trunk from the room and was confident that he had fled. Going to the house of a few acquaintances she found that they had seen nothing of him. Weak with hunger, she procured from the neighbors a little food for the children. The girl continued her search for the father until last night, when she dragged herself to the police station. She says they came to Newark three years ago from Switzerland.

DEFEATED.

Chief Clarence is Driven Away from Bluefields.

Associated Press Leased-Wire Service.
NEW YORK, Aug. 6.—A dispatch from Panama says that reports which reach here from the Mosquito country say that Gen. Ortis, at the head of 300 men, has driven the Indians from the heights and formally occupied Bluefields.

Chief Clarence's forces, upward of 3000 strong, were entrenched in the city and preparing for a desperate defense. Ortis was awaiting reinforcements before renewing the fight. American and British marines were acting jointly to protect foreign interests.

A World dispatch from Costa Rica says that Chief Clarence retired from Bluefields yesterday, and Gen. Cabezas, the Nicaraguan commissioner, took possession. Clarence has gone to Pearl City. It is said he intends to attack Bluefields again.

Each person claiming damages by reason of seizure will be allowed to present his claim and submit evidence in support of it. The United States government, through the Department of Justice, will lay before the board any evidence tending to show the defects of the claims, and take such steps as are necessary to prevent fraudulent claims being assessed against the government. It is expected the Senate committee will report the details of the proposition of settlement, and it is probable it will be adopted before the end of the session.

SEALERS' CLAIMS.

A Plan of Settlement Now Under Discussion.

Associated Press Leased-Wire Service.
WASHINGTON, Aug. 6.—Some time since Secretary Gresham submitted to the Senate Committee on Foreign Relations a proposition to settle the damage to Canadian sealers which were seized by the United States vessels previous to the Paris arbitration. The amount of damage will have to be ascertained and the question involved in the manner in which this is to be accomplished. It is probable that a board will be created which will be composed of commissioners of both the United States and Great Britain, although it is probable that certain officials already in the diplomatic service of both countries will be designated to act.

Each person claiming damages by reason of seizure will be allowed to present his claim and submit evidence in support of it. The United States government, through the Department of Justice, will lay before the board any evidence tending to show the defects of the claims, and take such steps as are necessary to prevent fraudulent claims being assessed against the government. It is expected the Senate committee will report the details of the proposition of settlement, and it is probable it will be adopted before the end of the session.

Engineer be directed to prepare specifications to sewer Main avenue, from Washington street to Jefferson street. Adopted.

FINANCE COMMITTEE.

The Finance Committee presented a report which was read and adopted. "We recommend that the City Attorney be instructed to bring in an ordinance amending No. 2335, being the license ordinance, by repealing those sections providing a license for undertakers, morticians, and produce commission merchants; also reducing the license for street-car advertising from \$25 per quarter to \$15 per quarter, and express wagons from \$1 per month to \$1 per quarter; also providing a license of \$1 per month for tamales, sandwiches, beans, waffles, ice-cream and candy wagons, bean wagons and oil wagons."

Councilman Munson moved to amend the ordinance so as to provide the license for undertakers shall be payable annually in advance. He said this would serve to protect the resident undertakers. The motion was lost.

President Teed called Councilman Strohm to the chair and moved to strike out the clause of the report which recommended taking off the license from undertakers.

Councilman Nickell objected on the ground that an undertaking has to carry a stock of goods as well as other merchants.

President Teed referred with a touch of irony to the argument that a license of \$5 per month would be a heavy tax upon the industry and energy of an undertaker. He said it had been his "distinguished pleasure" to have some dealings with undertakers.

The motion prevailed. Councilman Munson moved to amend so as to make the time quarterly instead of semi-annually, and was adopted in the amended form.

J. A. Donnell, Esq., was heard in behalf of the ticket-brokers, who asked that they be not taxed as much as \$5 per month. He said these gentlemen were among the most heavily taxed, because they are among the few who stand between the people and the railway corporations.

H. R. Duffin stated the ticket-brokers are willing to pay a small license, as, for instance, \$3 per quarter. The Phillips and Judson excursion agencies do not have to pay. They (the ticket-brokers) sell tickets to points East cheaper than they can be purchased of the railway companies.

On motion, the report was amended so as to place a license of \$2 per quarter on ticket-brokers. Further action on the report was deferred for one week.

MORE MOTIONS.

Councilman Strohm moved that the Main Street and Agricultural Park Railway Company be directed to repair Fifth street along the sides of the track between San Pedro street and Central avenue. Adopted.

Councilman Nickell moved that the Street Superintendent be notified to have the Electric Railway Company put the wooden crosswalks that were torn up during the construction of the road on Pasadena avenue, back in as good condition as it was before such removal. Adopted.

Councilman Smith moved that the Board of Public Works be directed to make the necessary arrangements to have Ash street sprinkled between Main and East streets, a distance of about one hundred feet, during the dry season. Adopted.

CITY ATTORNEY'S REPORT.

The City Attorney reported as follows: "The suit of the Los Angeles Cemetery Association against the city for \$2500 damages caused by the grading of First street without building a culvert of sufficient size to carry off the storm water which flows down a ravine near the cemetery, and which water was backed up over the cemetery association's land, has been decided in favor of the city by the Supreme Court." Filed.

The case of the City of Los Angeles against the city for \$1850, the value of certain gravel taken from the lot on Broadway under agreement to grade her lot to the established grade in the city, was decided in favor of the city by the Supreme Court. Filed.

In the matter of the refusal of the Los Angeles City Water Company to furnish water for the purpose of flushing sewers, I find that the sewer system is so constructed that at the head end of each sewer there is a fluestack designed to flush the sewer every twenty-four hours. These fluestacks are connected with the pipes of the water company, which has for years gradually decreased the amount of water running in the fluestacks until there is none to speak of allowed to run, and the result is that the system of sewers which was designed to carry off the sewage and reduce the percentage of disease and death has been turned into stinking, disease-breeding conduits, which are infinitely worse than no sewers at all. In 1888, when the city leased its water works to this company and gave it the right to take ten inches of water from the river for domestic purposes, it was stipulated in the contract that the company should furnish water free for public schools, city jails, and hospitals, and should also furnish hydrants free for fire purposes. It is to be seen that the contract does not provide for water either for flushing sewers or for sprinkling streets. In 1880 the water company endeavored to compel the city to pay for the water used in sprinkling streets, and the case was taken to the Supreme Court, which decided in favor of the city, upon the ground that the company had the right only to take enough water from the river for domestic use, and that all of the remainder of the water of the river belonged to the city, whether found in the river or the pipes of the company, and the court held that the city had the right to take water for sprinkling from the company's pipes (whenever they contained more water than was necessary for domestic use). Following out the spirit of the decision, the city had the right to take water from the company's pipes for any other municipal purpose. There can be no question but that the company's pipes are carrying more water than is necessary for domestic purposes, and I advise that the Street Superintendent and Engineer be instructed to have the proper connections made with each fluestack, and that the company be notified that it will not be any longer permitted to interfere with or shut off the water, as it has done in the past."

This section of the report was adopted without debate.

"As directed by you, I have prepared and herewith present an ordinance abolishing certain rights of way for sewers in the Adams-street tract." Adopted.

"I have prepared and herewith present a case between the city and Isaac P. Smith for certain land near Castelar street." Adopted.

Councilman Rhodes moved that the

Street Superintendent raise the curb and gravel the northwest corner of Eighth and Beale streets. Referred to the Board of Public Works.

An ordinance for the widening of Broadway, between Ninth and Tenth streets, was presented by J. E. Smith, Esq., and adopted. Mr. N. B. Davidson was elected commissioner. The ordinance was adopted.

The City Clerk reported it would be in order to set a time of hearing on the protest against the confirmation of the commissioners for the widening of West Beach street, between Ninth and Eleventh streets. Hearing was set for 2 p.m. next Monday.

The clerk also reported it would be in order to pass ordinance ordering the work for the following:

Sewering Maple avenue and other streets in the Maple-avenue sewer district. Adopted.

Sewering Key West and other streets in the Key West and other district No. 2. Adopted.

MORE MOTIONS.

The Street Superintendent reported, recommending that Frank Chinoweth be granted thirty days' further time in which to complete work on the contract for improving Thirty-third street.

Councilman Rhodes moved that the City Water Company be directed to place fire hydrants at the intersections of Flower street with Eighth and Ninth streets. Adopted.

Councilman Pessell moved that the City Water Company be requested to lay a four-inch water pipe on Maple avenue, between Washington and Jefferson streets, and on Eighteenth street, between San Pedro street and Central avenue. Adopted.

Councilman Pessell moved that Ninth street, between Central avenue and the river bridge, be sprinkled for the next two months. Referred to the Board of Public Works.

Councilman Strohm moved that the regulation of the Street Superintendent for cement pipe for the intersection of Chicago and Fourth streets, be taken from the Board of Public Works. Adopted, and the regulation, amounting to \$145, approved.

FIRE AND WATER.

The Committee on Fire and Water reported:

"On the matter of the petition from F. W. Hunt and others, property-owners on Kubrick street (now Main street), asking the Council to provide water along that street, we recommend that the City Water Company be requested to comply with the request of petitioners." Adopted.

Councilman Campbell moved that the Street Superintendent replace the street sign that has been taken down on streets lately graded in the Ninth Ward. On motion of Mr. Innes the motion was amended so as to include the whole city, and was adopted.

The Board of Public Works reported, recommending the granting of the petition of the Los Angeles Consolidated Electric Railway Company, asking that the Council exercise the sale of an electric railway franchise for a route running on Maple avenue, from Seventh street to Fifth street, and thence westerly along Fifth street to Spring street. Adopted.

The board also reported, recommending that the Street Superintendent be instructed to repair the west side of Olive street, between Main and East streets, so that teams can drive close to the curb. Adopted.

ENGINEERS' REPORT.

The City Engineer reported as follows: "At the request of Mr. Munson, I herewith present an ordinance to grade, grade and construct a redwood curb on Ingraham street, from the west line of Wilmer street, to the west line of Lucas avenue, said work to be done under specifications No. 2." Adopted.

"At the request of Mr. Smith, I herewith present an ordinance to construct a cement sidewalk, twelve feet wide, on Main street, east side only, from the northerly line of Philadelphia street to the southerly line of Ann street." Adopted.

"In the matter of the protest of Mrs. Elizabeth Schell and others against the sidewalking of Philadelphia street between Sand street and Bellevue avenue, I have to report the total frontage between said points is 142,522 feet, a majority of which would be 71,261 feet. The protest represents on the face 833 feet, being 118.73 feet over a majority, but there are two signatures by agents, amounting to 186,765 feet, which if deducted would make the protest lack 80.02 feet of having the required majority." Referred to the Board of Public Works.

"I herewith present two copies of the assessment map of the city of Los Angeles, showing the amount of water running in the fluestacks until there is none to speak of allowed to run, and the result is that the system of sewers which was designed to carry off the sewage and reduce the percentage of disease and death has been turned into stinking, disease-breeding conduits, which are infinitely worse than no sewers at all. In 1888, when the city leased its water works to this company and gave it the right to take ten inches of water from the river for domestic purposes, it was stipulated in the contract that the company should furnish water free for public schools, city jails, and hospitals, and should also furnish hydrants free for fire purposes. A GIGANTIC ACEQUIA

Important Irrigation Work in Sonora.

A DITCH THIRTY MILES LONG.

IT WILL COST ABOUT HALF A MILLION DOLLARS.

Hundreds of Thousands of Acres of Land Placed Under Water—The Country and the People.

F. M. French of the firm of French & Reed, contractors, returned yesterday from Sonora, where the firm is engaged in executing a large contract for putting in a water ditch and plant for the Sonora and Sinaloa Irrigation Company. The contract will aggregate about \$500,000, and the canal is intended to irrigate 100,000 acres of land in the Yaqui River valley. Water is to be taken from the river at a point about fifty miles above its mouth in the Gulf of California. The canal will be thirty miles long, seventy feet wide at the bottom, and will carry a depth of water of eight feet. The contractors have 200 teams now at work, which number will be increased to 300 by the end of the month. It is a gigantic and important enterprise, and was begun by the company a year ago. The company has large and liberal concessions from the Mexican government, and is operating upon most advantageous terms. The president of the company is Walter S. Leggett of New York, and the general manager is Don Carlos Gomez of Sonora, a man standing in close relations to President Diaz, whose partiality for American enterprise is known. Gov. Torres of Sonora stands in like friendly relations to American citizens and American enterprise, and stands ready to furnish military protection to the contractors and their workmen, whenever an enemy, against possible interference from the hostile Indians.

The land is supposed to be of the very best quality, and will be offered for sale water rights included, at \$5 per acre. The same of operations is about one hundred miles from El Encino, the capital of Sonora, and a twenty-five mile from Guaymas, from whence the mail is carried on horseback, and Mr. French gets his times regularly in five days from Los Angeles.

The company, in the outset of its operations, did some heavy work in rock at the point where the water is taken out of the river. The land is described as extremely fertile and well timbered. There is found growing there lignum vitae, rosewood, palm trees, mesquite, and many other varieties of timber, all hard, substantial, and good for many uses.

Game is abundant. Geese, ducks, quail, pigeons, deer and peacocks are found in the greatest abundance, but are little hunted by the native people.

The climate is fine for nine months in the year, but the heat is intense during the months of July, August and September, being ameliorated, however, by the cool nights.

The primitive character and simple habits of the native people, both Sonorians and Yaquis, is something difficult for an American to comprehend. Mr. French remarked on this point: "If Noah should wake up in Sonora in 1894, he would think that he had not been asleep over a fortnight." The Yaquis are fine specimens of physical manhood, and make excellent laborers. Their wages are 75 cents a

day, in Mexican money, and they board themselves. The food of a Yaqui laborer is simplicity and frugality itself, consisting of a handful of pineapples, corn, ground and mixed with water, and a little meat at noon, and some more of the same sort at night. The Yaqui people are docile and friendly toward Americans, but "hate the government," and the mountain tribes generally occupy an attitude of hostility toward Mexican troops, who are kept in the country for their subjection, but who have frequently been won over by "don juanes."

The last conflict that occurred between the troops and the Yaquis was on Sunday, the 25th of July. The fight was between forty soldiers of the Fourteenth Mexican Infantry and a body of Indians, said to have numbered 150, near a place called Wasmias, about thirty-five miles from Guaymas. The Mexicans were ambushed by their cunning Yaqui enemies, twelve of the soldiers killed, and a number wounded. A woman and a child were also killed. Mr. French returned to Sonora in the course of a month, and will stay there until the completion of his contract, about the 15th of April next. He has very high opinion of the resources and natural advantages of that part of Sonora, and considers it a great field for American enterprise. The country is healthy, the soil exceptionally fertile, and crops grow with wonderful rapidity and abundance. He tells a story about the growth of some corn, which sprang up where he fed his teams, and attained the height of a foot in a time so fabulously short that if named it would discredit the tallest California giant ever told. The Times refrains from going into details for the sake of Mr. French's reputation for veracity.

THROUGH RATES.

Little Probability of Further Demoralization Therein.

Associated Press Special-telegraphic Service. CHICAGO, Aug. 6.—There is no probability that the Western passenger lines will become involved in a war of rates over the action of the Union Pacific in cutting the through rates from San Francisco to Chicago and the East. The roads have about concluded that the matter was not heavy enough to require any drastic measure, and the whole thing will probably be allowed to drop without further trouble.

A PRESS LEAGUE.

Meeting of the International Officers at New York.

Associated Press Special-telegraphic Service. NEW YORK, Aug. 6.—The officers of the International League of Press Clubs, comprising its Board of Governors as well, held a brief meeting in this city today. It was the first meeting of the officials since their election at the league's convention in Atlanta several months since, and was called chiefly for organization purposes. Hon. Clark Howell of the Atlanta Constitution, president of the league, presided.

It was stated by Secretary Vought of the Buffalo Courier that offers for a site for the Home of Aged Journalists would be made by Georgia, New Jersey, Pennsylvania, New York and several other States as soon as the league is ready to receive them. It was decided it would be better to form an organization within the league to arrange for its building, and thus relieve the officers and card of Governors from the detail work. The chair was authorized to appoint a committee for this

purpose. A plan of assurance in connection with the league was left to a committee also.

A Committee on Arrangements for the next annual meeting of the league in Philadelphia, and one on finance were authorized, after which the meeting adjourned to meet at the call of the chair.

BAD LOANS.

Failure of an Investment Company of Kansas City.

Associated Press Special-telegraphic Service.

KANSAS CITY, Aug. 6.—Alvin H. Gosard of the Gosard Investment Company, this morning filed deeds of assignment for the benefit of his creditors. Ex-Postmaster P. B. Nottlinger is named as assignee. The assets are placed at \$231,350 and the liabilities at \$197,283. The loans are mainly in New England. Bad loans and stringent terms are said to have caused the collapse of the company.

The company loaned heavily on real estate, and then sold the loans in the East, after guaranteeing them. When the notes became due the owners could not pay them, and the holders of the notes felt back on the Gosard Company. Paying out cash on these notes, and then foreclosing upon them, getting in return real estate greatly impaired in value, and in turn exchanging this in cancelling the company's indebtedness, caused the failure. The holders of these notes are scattered all over the East, numbering hundreds, and they are caught in various sums, ranging from \$1000 to \$50,000. Names are unobtainable at this time. Gosard says that the affairs of the company will be wound up as soon as possible, and the firm will go out of business altogether.

Four Persons Hurt.

CHICAGO, Aug. 6.—A freight train on the Chicago, Milwaukee and St. Paul road tonight struck a North-avenue street car at the Fortieth-street crossing, and the following were injured: Mrs. Marie Ramie, fatally; Peter Hanson, seriously; Conductor Larson and Driver Miller of the car, slightly.

Four Persons Hurt.

TRENTON (N. J.), Aug. 6.—Rev. J. J. Pierce died here today, after a prolonged attack of hemorrhage. On July 18 he was taken with a cold, and violent hemorrhage followed. He began to grow weaker a few days ago from gastritis, and hemorrhaging did not stop until he was at death's door.

Dictator Peixotto.

NEW YORK, Aug. 7.—A World special from Rio Janeiro says that President Peixotto is adopting every measure to maintain himself in the Presidency. He openly defies Congress, and that body will probably undertake to impeach him.

SANTA MONICA.

Medicine Vendors at Outs—Prompt Litigation.

SANTA MONICA, Aug. 6.—(Special Correspondence.) The aggregation whose manager claims his mission in life is to advertise the merits of Arabian oil came to grief at this point from the same causes which disrupt nations—internal dissensions. It seems that "Dr." O. D. Weeks is not a sure-enough doctor, but merely a sort of breeder. Needing a doctor in his business, however, he employs one, and on his present philanthropic rounds Dr. D. B. Griffin was his medicine man. But Dr. Griffin became dissatisfied with his patron's method of dividing the spoils. Argument proving unavailing, the man of medicine invoked the law. Saturday morning the handcuffs four-horse outfit was attached on Dr. Griffin's claim for \$300 as wages due. "Dr." Weeks insisted upon an immediate trial of the issues, and Justice Willis heard the case forthwith, rendering judgment for plaintiff for \$250. Before the legal close of the day, therefore, the wizard of Arabian oil had his wish for summary disposition of the case fulfilled, for judgment had been entered, execution issued and levy made. Litigation that begins with a complaint at 10 a.m. ought to be free enough from the conventional "law's delays."

to satisfy the most fastidious taste. The "cure-all" aggregation had an entertainment billed for the opera-house for Saturday evening, but, owing to the financial troubles of some other cause, the date was cancelled. An alarm of fire at 10 o'clock Saturday night was caused by the gasoline stove in the Delmonico Restaurant on Third Avenue. The blaze was extinguished without damage to the building, but the place was closed.

Los Angeles people were in town yesterday Sunday, and took part in the various pleasures the department reached the place. The names on the hotel registers, the Arcadia showed Horace Bell, John Kahn and wife, Leo Hamillsten, W. C. Condy and wife, G. J. Griffith and wife, Lucile Meemer, Tony Meemer and wife, Mrs. L. A. Smith, A. C. Gellish, J. L. Bankovich, J. R. Leaming and wife, Dr. Van Vliet, John Mansfield, John Bryson, Sr., Mrs. L. Phelps, H. R. Harwood, L. D. Harwood, Mrs. J. N. Harwood, Ida Harwood, Ada Smith, Frank Phillips, R. M. Adams, Gertrude Sargent, E. G. Baurwin, Mrs. C. Johnson, Judge Campbell, S. S. Owens and wife and C. G. Billeke and wife. At the Jackson were registered J. L. Wood and wife, Mrs. W. French, C. H. Bush, the Misses Nichols, Minnie Wood, Annie Wells, Laura Wood, P. W. Gavin, Mrs. Mary Dalton and James B. Barrow.

Quartermaster J. B. Simmons of the Quartermaster Association has closed up local business in connection with the late campment, and left for his home in El Monte Sunday afternoon. He said that it was scarcely probable that the association would end its year with a surplus of \$100 or thereabouts in the treasury. He had just sold the last of stock in Santa Monica, aggregating \$900. The association goes away feeling highly pleased with its treatment by our citizens, and anxious to come here again.

The Democratic primaries occupied attention Saturday evening, and resulted in the choice of the following delegates: First District, E. B. Woodworth, M. Hostetter, J. D. Collins, Joseph R. Le Berge, W. S. de Anza, Second District, K. Barranco, R. C. Gillet, T. R. Owens, H. H. Kimball. For the fifth place there was a tie between Dr. R. Chaffee and J. A. Moore. Whether one or both be seated will be left to the convention.

It was a good day for this beach. Neighboring towns contributed generously to the crowds which swarmed through the fields of the various attractions. Turkish musicians, dancers, a circus, and a number of other concerns banded for patronage and denounced the best of the city in the market. Rivalry around and played horse with their capers, but suckers seemed scarce. There were yards of benches, and good viewing places, the plunge all day long. This new feature of bathing at this point is proving very popular, and the number of bathers is increasing.

The plunge is kept at so comfortable a temperature. The railroads and other legitimate lines of business are doing a good business, and played merrily. Our season is in full swing, though it did start late.

Dr. A. P. Penland, Dr. J. Freeman, Chicago; W. H. Davis, Detroit; Ford North, Lansing, Mich.; E. T. Hall, Columbus, and H. H. Seymour, San Francisco, were among the arrivals at the Arcadia on Sunday.

E. Mann, Charles Harvey, S. W. Fancher, Beatrice Seydaff, May Harvey and Stella Ortega composed a party of Pasadena who lunched at the Jackson on Sunday. The telephone exchange is growing. Wires are now being strung for three new instruments, one each in the residences of Dr. Cates and Dr. Chaffee, and one in the E. H. Carpenter lumber yard. The list also shows the following numbers since the original list was published: No. 31, City Hall; No. 35, North Beach Bath-house; No. 36, Santa Monica Livery Stable.

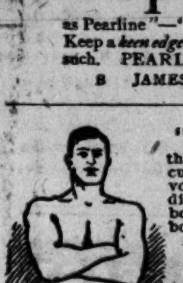

The Santa Monica Veterans meet on Tuesday evening, and Commander Myers has asked for a full attendance, on account of important matters that will come up for consideration. The public should bear in mind that the Canyon schoolhouse proposition is to be voted upon a week hence. School elections are also being too apt to go by default.

The school board, at its regular monthly meeting on Saturday, had but little business to transact. A list of needed supplies was made out, and bids will be asked for upon it. Warrants are out for the arrest of S. E. Drummond of Elmdora, who left three worthless checks for small amounts with one of the business men last month. The amount of his pecuniations was \$30.

Alameda-street Girls Raided by the Police. The dens of prostitution on Alameda street were raided by the police last night, and eight fallen women were placed under arrest and locked up in the City Prison.

Property-owners in the neighborhood complain frequently of the depreciation in the value of their property as a result of the open and shameless manner in which the women carry on their immoral practices. Those under arrest will be prosecuted for soliciting, in the Police Court today.

Sharp

"CUPIDENE" the great life-giver cures general and nervous debility, and all diseases wearing on the body and mind. \$1.00 a box, six for \$5. For sale by C. H. HANCOCK, 177-179 N. Street, Los Angeles, Cal.

SOUTH RIVERDALE.

SOUTH RIVERDALE, Aug. 6.—(Special Correspondence.) For a week past the water has been flowing into Lee Lake from Lake Elsinore, and is being distributed to the consumers in this valley for irrigation purposes. The delay has been very vexatious to many, but is now more welcome than ever before. It is expected that the ditch will deliver about five hundred inches at Lee Lake, taking about seventeen hundred inches from Lake Elsinore.

TO AND FRO.

C. C. Wall went to Newport Beach Saturday to spend a few days with his family. Miss Mabel Miller is back from Long Beach. The family of William Riddell is at Newport Beach. Mr. Riddell has returned to South Riverside. William McLean is at San Diego. J. W. Masten and family are back from the beach. Mrs. L. M. Stephenson are at Long Beach. Miss Lily Hill is trying Long Beach. The family of Rev. W. T. Lincoln is at Long Beach. M. M. Randall and family have gone to San Diego by train. Miss Grace Taber is taking her outfit to Santa Catalina. Joe Singer and family are outing at Newport Beach, having driven down. The family of Dr. Huff is at Newport Beach for a fortnight.

THE TRICHE COFFEE.

It Makes Competitors Squel. We are indebted to one of our competitors for a gratuitous advertisement of the famous Triche coffee. He says that no secret process of roasting or grinding coffee can improve it. His ignorance is excusable. The Triche process of roasting coffee is unknown among the natives who grow coffee. How much it improves coffee is shown by the great increase of trade among the best families of Los Angeles. The purity, strength and delicious flavor of Triche coffee is unsurpassable. It costs no more than any other kind, and yet it is worth twice as much. It is a secret process, but one that appeals to the taste of coffee-drinkers. Once used, no other kind can take its place.

Look Before You Leap!

I hereby sell and deliver to the PARISIAN CLOAK AND SUIT CO., 221 South Spring street, the stock and fixtures and leasehold interest of F. Dallmer, an insolvent debtor, for the sum of twenty-two hundred and seventy-five dollars in United States gold coin to me in hand paid. The said sale having been made in pursuance of an order of the Superior Court of Los Angeles county, California.

And yet the above "insolvent debtor" has the hardihood to advertise his small consignment on 10 per cent. as a "40 cent on the dollar bankrupt sale."

Who Believes It? Do You?

A war of extermination of the entire Berlin Bankrupt stock! Every garment marked for quick going. The second week's sale threatens to surpass the first.

The Weather.
U. S. Weather Bureau, Los Angeles, Aug. 6.—At 5 o'clock a.m. the barometer registered 29.56; at 5 p.m., 29.91. Thermometer for the corresponding hours showed 53 deg. and 66 deg. Maximum temperature, 76 deg.; minimum temperature, 56 deg. Character of weather, partly cloudy.
Barometer reduced to sea level.

Visit the Arrowhead Hot Springs, the finest mountain resort on the Coast. See notice under hotels.
Mantels, tiles, office fittings, hardwood lumber, H. Bohman, No. 514 South Spring.
Buy the Whitney made trunk. Factory, No. 344 North Main street.

A meeting of the Ransom Home will be held at Temperance Temple today at 2:30 p.m. There are undelivered telegrams at the Western Union telegraph office for James Carroll and Little Carothers.

The Police Commission will meet this morning. Hearings are to be given in two or three cases of charges preferred.

The School of Methods will be in session at Long Beach on Wednesday, Thursday and Friday of this week. A good programme is promised.

Detective Goodman arrested R. L. Jenkins for petty larceny yesterday afternoon, and lodged him in the police station. He will be arraigned today.

J. D. Todd lost a pension warrant for \$36 Saturday night. The finder will confer a favor on the owner by leaving the warrant at the Times office.

The Board of Library Directors was to have a meeting yesterday afternoon, but, being out yesterday afternoon and Howard present, no meeting was held.

John Patterson was arrested for petty larceny yesterday afternoon and lodged in the police station. Officer Steele found him down on Commercial street about 3:30 o'clock.

A. H. Stathan, of Stathan & Anderson, No. 213 West First street, who has reported missing, has turned up safe and well. Mr. Stathan is merely a stockholder of the Nevada Land and Water Company, not treasurer, as was reported.

The Board of Supervisors was in session all day yesterday, auditing the accounts and claims against the county for the month of July last, and, under a suspension of the rules, the sentences of James O'Reilly, Charles Ohlman and Sarah Atkinson, three prisoners in the County Jail, were commuted, by the granting of an allowance of five days per month for good behavior.

PERSONALS.

J. B. Winston, of the City Engineer's office has returned from a three-weeks' vacation, spent on his ranch in San Diego county.
M. Oregon and Ed Cisey, well-known traveling men, are at the Hotelbeck.

A SLIGHT CLASH.

Police Clerk Bean Makes a Show of His Authority.

In accordance with the new ordinance, making one of the license collectors a license inspector, E. E. Hutchinson has this month been performing his new duties of inspector. Yesterday morning he started out at 5 o'clock, and, in company with a man who is acquainted with a good many of the parties, visited the vegetable wagons about the plaza. He found a number of wagons for which there had been no license taken out.

He arrested two Chinamen, and, together with the man who had been with him, went with the license collector to the station. As Hutchinson fully let Clerk Bean, when he saw the man with him (Hutchinson), he said to the man, rather gruffly, to get outside.

Hutchinson asked the clerk to let him explain, but Bean would not listen to him, and said he (Hutchinson) ought to be out on the sidewalk also.

Clerk Bean's side of the story remains to be heard, and, perhaps, when the two statements are put together, the matter will have a different appearance. It is a rule which has for some time been in force that all persons not having business in the police station must remain outside when prisoners are being searched. Hutchinson has expressed an intention of bringing the matter before the Police Commission, and if he does all will undoubtedly be made clear.

ONLY PETTY LARCENY.

Roacha Escapes the Felony Charge of Burglary.

The preliminary examination of Juan Roacha, a moraine and cocaine fiend, on a charge of burglary, was set for yesterday afternoon before Justice Seaman. Roacha is the Mexican who stole half a dozen bottles of liquor from the cellar belonging to G. F. Gaul, at No. 601 Upper Main street, a few days ago.

Before the examination had far, the fact was developed that Mr. Gaul in his anxiety to catch the man who had been taking liquor from his cellar, had placed these bottles on the staircase outside the door, whence they had been stolen by Roacha.

That settled the proceedings for burglary, and Roacha topped the rank of a petty larceny thief. In all probability he is the man who has been stealing from the cellar, but he didn't this time, and so he was sentenced to fifty days for petty larceny.

Vice-Consul Loeb Decorated.

M. Leon Loeb, Vice-Consul of France at Los Angeles, received yesterday a cablegram from M. Leon Phillips, under secretary of the Department of Agriculture of France, announcing to him that the French government has bestowed upon him the decoration of Chevalier Agricole.

A SURPRISED AND JEALOUS MAN is always alarmed at something he cannot understand. His first weapon is usually ridicule, little realizing that he is only exposing his own ignorance. It is that way with a prominent grower of the city. He cannot understand the great merit of Triche coffee, and attempts to abuse it. The hundreds of persons who are using Triche coffee are loud in his praise. Jealous competitors cannot injure it. The merits of Triche coffee silence all ridicule. Pure and undisturbed, roasted by a new but secret process, it is a puzzle to competitors and a delicious treat to consumers. Try a sample pound.

TRICHE COFFEE CO.,
No. 215 West Elm street, Tel. 228.
Delivered free to any part of the city.

DEATH RECORD.
PHILLIPS—On August 5, 1894, Peter Phillips, a member of Alta Lodge, No. 25, I.O.O.F., San Francisco, Cal., a native of Germany, aged 52 years.

Friends and acquaintances are respectfully invited to attend the funeral today (Tuesday) at 2:30 p.m., from the family residence, No. 215 West Elm street. All Odd Fellows meet in I.O.O.F. Hall at 12:45 p.m. Interment I.O.O.F. Cemetery. (See San Francisco papers please read.)
Funeral by Rev. Phil Meyer, secretary Relief

ABSOLUTELY PURE

(SOCIAL RECORD.) IN SOCIAL SPHERES.

Prof. Carlos Bransby and Miss Bransby leave today for an absence of three weeks. Prof. Bransby goes to Catalina and Miss Bransby will visit Rev. Mr. Merwin's family at Miraflores, their home at South Pasadena.

Miss Kempton has returned from Long Beach, where she has been enjoying a ten-weeks' outing.

Mrs. Nora D. Mayhew leaves today for a short sojourn at Catalina.

Mr. and Mrs. Howard Sale left yesterday for Catalina, where they will enjoy a month's vacation.

Mr. and Mrs. F. W. Braun, H. F. Hartwell and Ed O'Melveny are at Lake Tahoe.

Waller Chanslor leaves this week for Catalina.

Miss McCullough has removed from her place of residence on Figueroa street to No. 511 West Twenty-third street.

Mrs. L. L. Spencer of No. 324 East Washington street has gone to Catalina accompanied by an outing of several days, accompanied by friends.

Mr. and Mrs. Albert D. Coombs left yesterday for a two weeks' sojourn at Catalina.

PETTY OFFENDERS.

Numerous Cases Disposed of by the Police Justices.

More than the ordinary interest attached to several of the victims of intoxication who were arraigned before Justice Austin in the Police Court yesterday. Robert Monroe, an old negro, formerly of San Jose, who was fined \$5 for drunkenness, is better known to the authorities as a thief. He was arrested about three months ago on suspicion of having stolen a watch and chain from a house on Fourth street. Monroe was in the house a short time before the watch was missed, but the officers could not find evidence against him, and were obliged to release him from custody, although morally sure that he was the right man.

Young Adair, one of the three San Diego youths who have been under police surveillance for several days, was arraigned for drunkenness and fined \$5.

Officer Fay caught a couple of town young men and two women disturbing the peace on South Broadway early yesterday morning. The party made off on the officer's approach, and the latter gave chase, catching in the four who gave his name as Wilson. He was booked as a drunk, and will be sentenced today.

Ah Wong and Ah Sing were fined \$2 each for violating the license ordinance. The trial of Charles Mockett for stealing a lawn mower from a man named Lazzarovich a few days ago, will be reset before Justice Austin.

A sixteen-year-old boy named Arthur Holt was arraigned for carrying concealed weapons. Holt was a Western Union telegraph messenger, and carried a 22-caliber revolver. He was fined \$5 and severely reprimanded by the court.

Nick Arbelles, charged with petty larceny, forfeited \$50 bail money by not appearing in court yesterday. He will be sentenced today.

Frank Mitchell and Joe Morgan, the two men who stole a razor from John Kelly on First street recently, were given a jury trial yesterday morning. The jury found them guilty of petty larceny, and they will be sentenced today.

Charles Bernal, charged with the misdemeanor of failing to support his wife and family, was arraigned yesterday, and will be tried on the 10th inst.

Charles Rickrich, a horse dealer, will be tried for battery today. He is accused of having beaten H. C. Allen, a former employee, in a most brutal manner. The two men met last Sunday on Lemon street, near Seventh, where the battery took place.

Jean Mathieu was given until today to leave town. Failing therein he will spend the next sixty days on the chain-gang.

BOLD BURGLARY.

A House Entered by Two Thieves in Broad Daylight.

The residence of Mrs. Buckley, on Willow street, near Mateo, was robbed of \$44 by two thieves about 10 o'clock yesterday morning, while Mrs. Buckley was at work in her back yard. Mrs. Buckley noticed the men about, but thought nothing of it, as her front door was locked. She first ascertained her loss upon entering the house shortly afterward, and finding the front door broken open and her trunk rifled of \$44. Neighbors say that there were five men in the gang, and that two of them made off toward town, the rest going over toward the river. The thieves have not been caught.

Licensed to Wed.

Marriage licenses were issued at the County Clerk's office yesterday to the following persons:

Edward O. Knight, a native of Ohio, aged 43 years, to Annie S. Martin, a native of Maine, 43 years of age; both of this city.

Charles H. Bell, a native of Kentucky, 23 years of age, of Mojave, to Annie Cameron, a native of California, 15 years of age, of Tehachapi.

Henry E. Hollingsworth, a native of Iowa, 23 years of age, to Adalida Lucher, a native of Minnesota, 19 years of age; both of North Pasadena.

Pacific Gospel Union.

A large number attended the morning breakfast service of the Pacific Gospel Union. Six men asked for prayers. On Sunday afternoon an omnibus-load of Christian workers, representing the different churches, held a special service in a schoolhouse at Boyle Heights. Eleven requested prayer. The evening service at the hall was assisted by a number of church people. C. S. Mason preached a powerful sermon on "Regeneration."
